Product Owner

Company

The company is a wholly owned subsidiary of a French bank, established in Thailand since 2008 to become an IT hub and deliver IT operations and support for Group in South East Asia and Pacific Ocean areas. Today, it supports a Bank in Laos, one in Cambodia, one in Vanuatu one in Solomon Islands, one in Fiji, and one in Djibouti (Africa).

The company provides end to end Infrastructure and Applications management around Core Banking, Internet Banking and E-Payments.

It has also operated an offshore development center (specialized in Cobol & Java) for Paris headquarters since 2011. They are a unique company, thanks to their identity and their history: They place their expertise at the service of the Group and develop their activities with an entrepreneurial structure. By putting the group best interests first, it allows them to deliver tailor-made solutions with high value-added.
